It is a condition of publication that manuscripts submitted to this journal have not been published and will not be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. However, assignment of copyright is not required from authors who work for organisations which do not permit such assignment. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform or any other reproductions of similar nature and translatious. No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, electrostatic, magnetic tape, mechanical, photocopying, recording or otherwise, without permission in writing from the copyright holder.

Whilst every effort is made by the publishers and editorial board to see that no inaccurate or misleading data, opinion or statement appears in this journal, they wish to make it clear that the data and opinions appearing in the articles and advertisements herein are the sole responsibility of the contributor or advertiser concerned. Accordingly, the publishers, the editorial board and editors and their respective employees, officers and agents accept no responsibility or liability whatsoever for the consequences of any such inaccurate or misleading data, opinion or statement.

Photocopying information for users in the USA: The Item-Fee Code for this publication indicates that authorization to photocopy items for internal or personal use is granted by the copyright holder for libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service provided the stated fee for copying, beyond that permitted by Section 107 or 108 of the United States Copyright Law, is paid. The appropriate remittance of $15.00 per article is paid directly to the Copyright Clearance Center Inc., 27 Congress Street, Salem, MA 01970.

Permission for other use: The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific written permission must be obtained from the publisher for such copying.

The Item-Fee Code for this publication is: 0079-6611/92 $15.00

CONTENTS

The Nearshore Zone during Coastal Upwelling: Daily Variability and Coupling between Primary and Secondary Production off Central Chile
W. T. PETERSON, D. F. ARCOS, G. B. McMANUS, H. DAM, D. BELLANTONI, T. JOHNSON and P. TISELIUS 1

Characteristics, Dynamics and Significance of Marine Snow
A. L. ALLDREDGE and M. W. SILVER 41

Decadal and Pentadal Distributions of Hydrographic Stations at 1000m depth for the World Ocean
S. LEVITUS 83

The "Great Salinity Anomaly" in the Northern North Atlantic 1968-1982
R. R. DICKSON, J. MEINCKE, S. A. MALMBERG and A. J. LEE 103

On the Helical Nature of Neutral Trajectories in the Ocean
T. J. McDOUGALL and D. R. JACKETT 153

Neutral-Surface Potential Vorticity
T. J. McDOUGALL 185

Neocalanus flemingeri, A New Species of Calanidae (Copepoda: Calanoida) from the Subarctic Pacific Ocean, with a Comparative Redescription of *Neocalanus plumchrus* (Marukawa) 1921
C. B. MILLER 223

Development and Growth of Large, Calanid Copepods in the Ocean Subarctic Pacific, May 1984
C. B. MILLER and R. D. NIELSEN 275

Revised Life History Analysis for Large Grazing Copepods in the Subarctic Pacific Ocean
C. B. MILLER and MARTHA J. CLEMONS 293
